Subject: New PO for your Brownfields Grant

Hi Crystal,

Our resident expert of all things Brownfields, Stephanie Branche will be transitioning to PO for your Assessment Grant. I have accepted a position in the Superfund Branch. This is an exciting opportunity to be a permanent contributor to the EPA's mission.

It has been a pleasure to work with you over the last few weeks and I am excited to watch as you resurrect this important work.

You can call Stephanie or me with any questions.
